

Mystic Matrix at Makers Fete 2024

Test Your Logical Prowess in the Ultimate Sudoku Showdown!

Introduction to Sudoku:

Sudoku, a globally beloved puzzle game, owes its popularity to:

- Simple, easy-to-learn rules.
- Puzzles ranging from easy to devilishly challenging.
- Solutions based on pure logic, not guesswork.
- A non-mathematical focus, instead emphasizing pattern recognition.
- The need for complex strategies for the toughest puzzles.

Objective:

1. **Fill the Grid:** The grid has some numbers pre-filled in certain cells (called clues). Your task is to fill the remaining empty cells.
2. **Unique Numbers:** Each row, column, and 3x3 subgrid must contain the numbers 1 through 9 without repetition. No number can appear more than once in any row, column, or subgrid.

Competition Structure:

- ❖ Individual event
- ❖ Age group: Grade 8 - Grade 12
- ❖ First round consists of 9x9 grid
- ❖ Only 5 participants will be selected for the final round.
- ❖ Final round will have Samurai-Sudoku.

Prize Categories:

- 1st Place: Rs. 2000/-
- 2nd Place: Rs. 1500/-

Registration:

- Participants can register through the same [CFAL India's Makers Fete website link](#).
